Round 1 Hunter Classic Course Round 2 Handy Hunter

Hunter Classic Course

The first round of any International Hunter Derby event is the Hunter Classic Course. Courses must adhere to the following guidelines:

- 10 jumps minimum
- Fence height 3'3-3'6
- There must be 2 3'9 fences in the course, set as option jumps
- At least one In and Out
- At least one Bending Line
- At least one line with an unrelated distance
- Jumps: Obstacles must simulate those reminiscent of the hunt field and the course should offer a variety of jumps with different appearances such as: natural post and rail, stone wall, white board fence or gate, coop, aiken, hedge, oxe, brush, logs, natural foliage. Natural obstacles such as banks and ditches are encouraged.
- A 3" difference is required for the back element of an obstacle
- Ground lines must be of one material for each jump
- Ground lines are not to exceed 18," but less is encouraged where possible
- For appropriate jumps, no ground line is acceptable

Handy Hunter Course

The Handy Hunter Course isn't about just cantering a series of jumps; it incorporates elements such as a walk or trot fence, opening a gate from horseback, and dismounting and leading your horse over a jump.

Winning the Hunter Derby Purse

To win it, you must impress the judge with your horse's true jumping style and the brilliance of the round (successfully navigating a more difficult track will reward you!).

Round one, the Hunter Classic Course is judged on style and brilliance. Round Two, the Handy Hunter Course, is judged on style, brilliance, and handiness. The judges may award up to 20 bonus points on the second round for exceptional handiness.

In normal hunter classes, horses are marked down for behavior like shaking heads after a jump or swapping leads. In the Hunter Derby, however, these behaviors are encouraged as the horse showing a little life. Balance, straightness, and good jumping style is still important, but horses who are daring, athletic, and show some expression will be rewarded.
